

Welcome!

Lumbee River Christian College (LRCC) is an Assemblies of God affiliated college committed to equipping men and women of all ages for ministry in today's world. There are very few places like LRCC where students, regardless of denominational affiliation, are exposed to life changing Biblical theology and its practical applications as they are at LRCC. Our accredited programs offer Associate and Bachelor's degrees in Religious Education, the latter with majors in Ministerial studies, Christian Education and Missions.

Lumbee River Christian College was founded in 1968, initially providing Biblical training to individuals called to serve among the Native American communities. Over the years, the college has expanded to serve men and women of all ages from diverse backgrounds, cultures, and ethnicities. The college that begun as a training and missionary endeavor for the Native American communities is today being empowered by them to work on the Lord's mandate to go into all the world and make disciples of all nations!

The diverse and highly qualified faculty and continuous development of services and educational opportunities at the LRCC provides for excellent forward-looking Christian education. The online platform and remote attendance opportunities are tailored to address a variety of interests from degree seeking ministry preparation to spiritual growth, and personal enrichment at an affordable cost.

Our alumni constantly note that their studies in the LRCC changed their view of the Bible and impacted strongly their lives. The 20,000 ft overview of the Scriptures, the deep dive into the content and the discovery of its power within The Book has enriched, transformed, built and encouraged countless students who all recommend the experience and training you can gain in LRCC.

Our campus is located in the Eastern North Carolina heartland close to Lumberton and Fayetteville and Fort Bragg military base and are situated just 90 miles from the Atlantic coast, its beaches and fishing.
